

Basic Coding and Documentation

Wednesday, May 1, 2019

10:00 AM-12:00 PM

COURSE MODERATORS: Terry Sarantou, MD and Amanda Wheeler, MD

FACULTY: Anne Kobbermann, MD; Terry Sarantou, MD; John Turner, MD; Amanda Wheeler, MD

COURSE DESCRIPTION:

This course is designed to provide the physician with basic principles and tools for improving the accuracy of their documentation and appropriate coding for commonly performed breast surgery procedures. General principles of medical record documentation supporting evaluation and management (E/M) levels, and compliance issues will be addressed. Use of modifiers and diagnosis assignment will be reviewed.

COURSE OBJECTIVES:

At the conclusion of this course, participants should be able to:

- Summarize documentation to support evaluation and management levels
- Review modifier utilization and their impact on relative value units
- Provide accurate diagnosis assignment

CME Information:

The American Society of Breast Surgeons designates this live activity for a maximum of 2.0 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
